

# MOVE

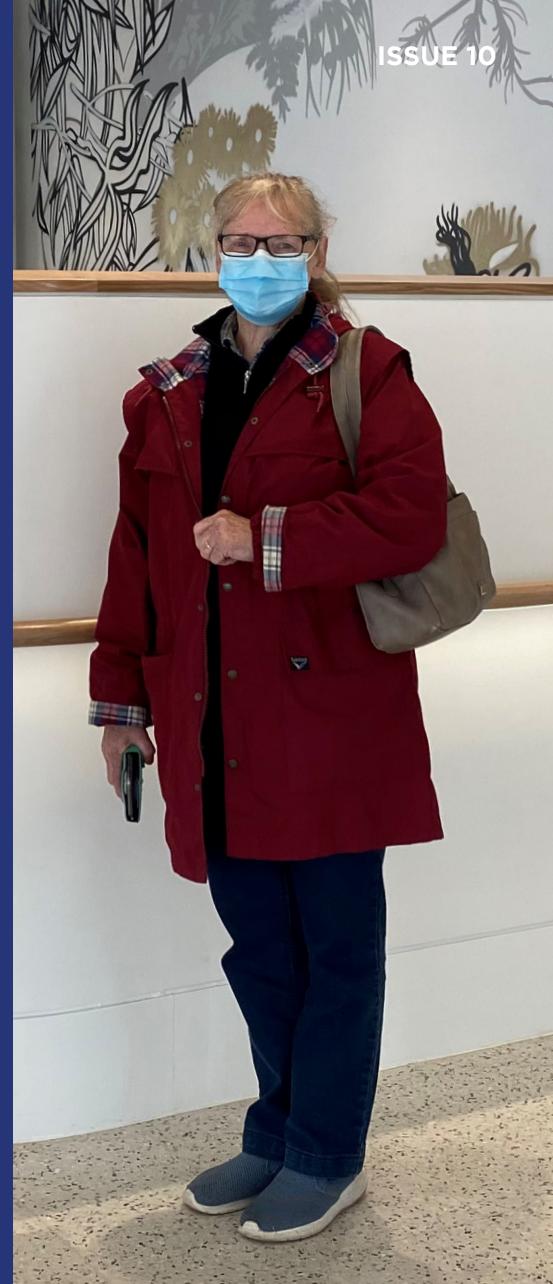

## FIRST PATIENT IN THE NEW BUILD

On Monday 6 June, the new P3 car park and main entrance opened. Wendy Mitchell was the first patient through the doors, attending a yearly check-up with the Renal Department.

Previously a Southern Highlands local, Wendy road tripped down from Queensland for her appointment.

Donating a kidney to a family member 13 years ago, Wendy has witnessed the enhancements and expansions over the years here at Campbelltown Hospital and was impressed with the new space.

As we move through the 12-week commissioning program, there will be changes to the way staff and visitors access hospital services. For information on key June changes, click [here](#).

## WEEK ONE DOWN

The Security team made the move to Level 2 of the new building on Wednesday 2 June. Recently onboarded, Gibi Poonattu Kuriakose from Engineering was the first staff member to utilise the swipe card and ID service in their new space.

The Auxiliary and volunteers were soon to join Security, setting up shop on Level 0 of Hospital Street.

Marking week two of the move plan, on Monday 6 June Cashier relocated to Level 2 of the new building. Adjacent to them will be Admissions, moving on Wednesday 8 June.

## SUCCESSFUL SNEAK PEEK ON SATURDAY

On Saturday 4 June, the new Campbelltown Hospital building was abuzz with hundreds of local residents attending a sneak peek tour of our new, world-class facility.

A chance to showcase the expanded and enhanced space, some of our passionate staff took registered visitors behind-the-scenes to explore the future Emergency Department, new inpatient units, special mental health courtyards, and more.

The community members were certainly impressed with their new hospital building, and it was a pleasure to see them appreciate the significant investment in healthcare infrastructure for Macarthur residents.

"Thank you to the awesome staff for their utmost services and professionalism at the hospital tour. They are the real heroes who continue to do their best even in times of great difficulty. I am truly indebted and grateful," attendee Francesca Landale wrote.

Thanks to all who helped make this day happen. Having received an overwhelming amount of positive comments from the day, you should be proud of your contributed work and efforts.

## STAFF PARKING

Staff parking is now available in the P4, P6 and P7 car park. To support the opening of the new main entrance, car parks P2, P3, P5 and P8 are now public parking only.
